

NOTIFICATION 3/P5/2023

26 January 2023

P5 Assessment Matters

Dear Parents

Primary 5 will have **Weighted Assessments (WA)** in Terms 1, 2 and 3. Each weighted assessment may be assigned different weightings and can vary in terms of modes of assessment, e.g. class tests, quizzes, presentations, group projects.

Apart from WA, they will sit for an **end-of-year examination** in Semester 2.

Weighted Assessment (WA) Task Schedule (Terms 1, 2 and 3)

We want to encourage our pupils to focus on the process of learning, enjoy learning and experience success, and the WA Tasks are opportunities for pupils to work on their daily efforts so that they enjoy learning and find success in their efforts. Please note the schedule for the WA tasks in Tables 1, 2 and 3 below:

Semestral Assessment 2 (SA2) Schedule (Term 4) (60%)

SA2 is an important milestone check for our pupils. Their performance at SA2 is a reflection of their efforts to learn and their learning progress. We encourage our pupils to put in effective effort throughout the semester so that they will not be unduly anxious and stressed. We seek parents' support to monitor your children at home, ensure that they have sufficient time to learn, to play and to rest. Together we can support the learning and development of your children, and take care of their mental and emotional health as well. Please find below the SA2 schedule:

Please note that the assessment dates and information are subjected to changes. We will inform you if there are any changes.

Attendance during Assessments

Please note that it is important and necessary that:

- Pupils must be present for all assessments unless certified unwell by a general practitioner. The school should be informed promptly of the medical leave;
- Pupils who are absent for an assessment, including SA2, **with** a medical certificate endorsed by a general practitioner may be able to sit for the assessment on another day, but the marks will not be recorded;
- Pupils who are absent for any assessment **without** a medical certificate endorsed by a general practitioner will not be able to sit for the assessment on another day and will be awarded a 'zero' mark; and
- For language papers (English and Mother Tongue) in the end-of-year examination, pupils should have taken at least Paper 2 to be awarded an overall assessment mark for the subject.

We look forward to working closely with you to motivate your children to put in sustained effective effort in their assignments and focus on their learning and progress.

Thank you.

Warm regards

Mr Dennis Yap
Principal
